Custom-Built Luxury Inspired by Nature

Drawing inspiration from the spectacular lake views and iconic mountainside, The Capestone is a brand new custom-built home inspired by the Okanagan's famous landscape. In geography, a cape is a headland extending into a body of water; a marked change in the trend of coastline. Perfectly situated on the edge of Viognier Drive with the majestic backdrop of Mount Boucherie, The Capestone overlooks the sparkling blue waters of Okanagan Lake, providing panoramic lake and mountain views from your private sanctuary.

This home brings the style of the Okanagan with modern designs inspired by its beautiful natural surroundings. Showcasing contemporary-modern designs with a bold yet elegant colour palette, The Capestone looks to break the trends and stand-out amongst other luxury, custom built homes in the area.

Lakeview Heights – an Okanagan Paradise

Live the lake & mountain life in beautiful Lakeview Heights, one of West Kelowna's most prestigious neighbourhoods. Known for its breathtaking panoramic lake views, enjoy being minutes to the water with a variety of beaches, parks and hiking trails to explore. This area is known as an Okanagan paradise, perfect for wine enthusiasts with a plethora of world-class and boutique wineries along the West Kelowna Wine Trail. Surrounded by nature yet only minutes away to urban amenities, just a short drive away to Downtown Kelowna, shops, restaurants, cafes, craft breweries, fitness/recreation and more.
