## A LEGACY WRITTEN IN STONE

Inspired by the backdrop of Mount Boucherie, West Kelowna's once-volcano and showpiece mountain icon, lies ROCA VIVA (the Living Rock). Set atop a mountain, with spectacular views of Okanagan Lake, this brand new custom-built luxury home is designed and built with the passion and true essence of the developer - Karn Kalkat. It is a showcase piece. A work of art and heart. A place to not only live, but to build a foundation of family and lifestyle, built on the pillars of quality, beauty, and vision. The design and layout of the home have been well-thought-out to emphasize comfortable and spacious living. The exterior is composed with elements of stone, wood and glass, presenting a modern and classic pairing that is reflective of the landscape surrounding Mount Boucherie. The interior features and finishes have been carefully selected to further elevate class and sophistication. Professionally designed by Form Collective, Mullins Design and Bansal & Associates, this home is high on style and luxury. The masterful blend of indoor & outdoor living spaces take full advantage of the signature views. It's more than just a home. It's a legacy. And it can be yours.

---

## MEET THE DEVELOPER

Karn Kalkat has been around the Real Estate and construction industry his whole life, with over 10 years of experience selling Real Estate in the Fraser Valley and Greater Vancouver area. After viewing thousands of homes with clients, he found a desire to create the best of what he's seen into new homes. Together with his wife Anita, Roca Viva is his passion project - a home that is built with high style, design and quality.

Inspired by the Okanagan, the spectacular views and natural landscape act as the inspiration, and the perfect backdrop, for what is Karn Kalkat's masterpiece.

"Luxury in a home is when you are able to walk to the front door and not only see the appeal but also feel it"

- *Karn Kalkat*
