The Inspiration behind Liv

The name of the home - Liv on Viognier - is a play on the developer: Liv Custom Homes. Liv Custom Homes is a family-run business passionate about building beautiful new custom homes, turning your dream home into reality. With over 10 years of experience, Liv Custom Homes is easily one of the most trusted British Columbia homebuilders.

After primarily building homes in the Lower Mainland, an exciting opportunity arose to build a new luxury home in a highly sought-after Kelowna neighbourhood.

"To us a luxury home starts in the area it is located. Next it would be the finishings of the home and all the extra options. This home will have it all. From the pool to the appliances, everything we chose is luxurious. We're especially glad that we went with the solar panels."

Building With Confidence

Liv Custom Homes has partnered with Palermo Homes to build Liv on Viognier. Palermo Homes is a leading premium home builder in the Lower Mainland and in the Okanagan, with over 10 years of experience and over 60 homes in their impressive portfolio. That commitment to providing uncompromising quality, craftsmanship and attention to detail is being built into Liv on Viognier.
